

## Appendix A

**Appendix A Molding the 3D structure of *LsToll-13* protein.** The mimetic 3D structure of *LsToll-13* protein. LRR, leucine-rich repeat. NT, N-terminal. The tertiary structure of *LsToll-13* were constructed using the online prediction software SWISS-MODEL. Pymol-0\_97-bin-win32 program as a visualization software was used to display the structure chart of the *LsToll-13*.
