

1 Appendix A Haploid spontaneous doubling rate of RL36 and RL7 in different environments.

Years	RL36			RL7		
	Total haploid plants	Pollen shedding plants	Percentage of pollen shedding plants(%) ¹	Total haploid plants	Pollen shedding plants	Percentage of pollen shedding plants(%)
2015 summer	27	27	100	34	0	0
2015 winter	42	40	95.24	45	0	0
2016 summer	38	38	100	41	0	0
2016 winter	41	39	95.12	37	0	0

2 ¹Percentage of pollen shedding plants(%) = $\frac{\text{Pollen shedding plants}}{\text{Total haploid plants}} \times 100\%$
